

กำหนดการ

โครงการประชุมวิชาการ เรื่อง “Preclinical Research Ecosystem and modified drug development”
วันพุธที่ 28 สิงหาคม 2562 ณ ห้องกลมมาต โรงแรมสุโกศล กรุงเทพมหานคร

Time	Topic	Speaker
08.00 – 08.45	Registration	
08.45 - 09.00	Welcome Address Professor Kiat Ruxrungthum President, ThaiTECT and Vice President, Chulalongkorn University, Thailand	
09.00 – 09.45	Precision and humanized mice models for nonclinical research	Professor Xiang Gao, PhD Former Director, Model Animal Research Center, Nanning University, and Director of Spin-off Company, China
09.45 – 10.00	Refreshment Break/ Group photo	
10.00 – 10.30	Preclinical drug screening platform of DGMIF: animal models and bioimaging	Taekwan Lee, PhD Principal Investigator, Lab. Animal Center DGMIF, South Korea
10.30 – 11.00	Develop Strategies to Reverse Oncogenic Suppression of Innate Immune Sensors	Assistant Professor Yu L. Lei, DDS, PhD Department Periodontics and Oral medicine, School of Dentistry, University of Michigan, USA
11.00 – 11.30	The re-emergence of natural products for drug discovery: Experiences in establishment of plant extract libraries for high-throughput screening	Assistant Professor Chia-Hung Yen, PhD College of Pharmacy, Kaohsiung Medical University, Taiwan
11.30 – 12.30	Thailand Preclinical Roadmap	(1) Archawin Rojanawiwat, MD, PhD Bureau of Laboratory Quality Standards, Department of Medical Sciences, MOPH, Thailand (2) Suwanakiat Sawangkoon, DVM, PhD Director, Laboratory Animal Center, Chulalongkorn University (3) Sirasak Tepakum, PhD Deputy Director, TCELS, Thailand (4) Associate Professor Mayuree Tantisira, PhD Dean, Faculty of Pharmacy, Burapha University, Thailand (5) Assistant Professor Flying Officer Pasarapa Towiwat, PhD (Moderator) Faculty of Pharmaceutical Sciences, Chulalongkorn University, Thailand
12.30 – 13.30	Lunch	
13.30 – 14.00	Incrementally modified drug development and registration in Korea	Speaker from Korean Pharma Industry, KPBMA, South Korea (TBA)

Time	Topic	Speaker
14.00 – 14.30	Acceleration to new drug registration	Narinrat Thiraularnsakul, MS Division of New Drug, Bureau of Drug Control, Thai FDA
14.30 – 15.00	The use of nanoparticles in liver fibrosis	Associate Professor Ho Han Kiat, PhD Department of Pharmacy, National University of Singapore
15.00 – 15.15	Refreshment Break	
15.15 – 15.45	Transdermal delivery systems: opportunities and success stories	Assistant Professor Jutarat Kitsongsermthon, PhD Faculty of Pharmaceutical Sciences, Chulalongkorn University
15.45 – 16.45	Ecosystems for incrementally new drug development	Buskakorn Lertwatanasiwalee, MS CEO, PReMA (Pharmaceutical Research & Manufacturers Association) Professor Pornsak Sriamornsak, PhD Faculty of Pharmaceutical Sciences, Silpakorn University Nilsuwan Leelarasmi, PhD Representative, TPMA (Thai Pharmaceutical Manufacturers Association) Metha Simawara President, THPA (Thai Herbal Product Association) Jittima Luckanagul, PhD (Moderator) Faculty of Pharmaceutical Sciences, Chulalongkorn University
